NUCLEAR REGULATORY COMMISSION

[Docket Nos. 50-334 AND 50-412]

Duquesne Light Company, Ohio Edison Company, Pennsylvania Power Company, The Cleveland Electric Company, The Toledo Edison Company; Notice of Partial Withdrawal of Application for Amendment to Facility Operating License

The U.S. Nuclear Regulatory Commission (the Commission) has granted the request of Duquesne Light Company (the licensee) to withdraw a portion of its October 15, 1998, application for proposed amendment to Facility Operating License Nos. DPR-66 and NPF-73 for the Beaver Valley Power Station, Unit Nos. 1 and 2, located in Shippingport, PA.

The withdrawn portion of the proposed amendment would have revised the Unit 1 and Unit 2 Technical Specifications (TSs) by deleting the description of the site exclusion boundary. This description will remain in the TSs.

The Commission had previously issued a Notice of Consideration of Issuance of Amendment published in the **Federal Register** on November 18, 1998 (63 FR 64111). However, by letters dated February 18, 1999 and February 23, 1999, the licensee withdrew this portion of the proposed change as discussed above.

For further details with respect to this action, see the application for amendment dated October 15, 1998, as supplemented by letter dated December 14, 1998, and the licensee's letters dated February 18, 1999, and February 23, 1999, which partially withdrew the application for license amendment. The above documents are available for public inspection at the Commission's Public Document Room, the Gelman Building, 2120 L Street, NW., Washington, DC, and at the local public document room located at the B. F. Jones Memorial Library, 663 Franklin Avenue, Aliquippa, PA 15001.

Dated at Rockville, Maryland, this 26th day of March 1999.

For the Nuclear Regulatory Commission.
